UNIT 2 – CHAPTER 6 – ORGANIZATIONAL CHANGE

Self Directed Study

The self directed study for Chapter 6 – Organizational Change will be completed Monday through Thursday in class, with Tuesday March 29th being a review day for your Unit 2 Test which will be on Wednesday March 30th. The following tasks should be completed in order to ensure complete understanding of Chapter 6 material. There will be a chapter discussion on Tuesday regarding the material, as well as answers posted to the assigned questions by the end of the week. You may choose to work individually or with a partner, provided you are working productively in class.

Task 1

- Read chapter 6 entirely.
 - Pages 174 - 190

Task 2

- Develop a note summarizing the main concepts within the chapter, this does not mean copying word for word the entire chapter.
 - Focus on key terms, concepts, examples and diagrams.
 - Where examples are provided, try to come up with an additional example of your own to solidify your understanding.

Task 3

- Complete the following review questions from the chapter.
 - Page 191 – 193 #1-9, 11, 12, 14, 18, 19, 20, 23, 28, 31
 - Read the Apple case on page 196-198 and complete the four questions that follow.
 - All questions will be taken up and discussed on Tuesday and suggested responses will be posted Wednesday evening on the website.
 - Note this does not mean you should wait for suggested answers rather than doing the questions on your own. Learning happens by doing and it is important that you answer all questions prior to reviewing suggested answers and taking part in the class discussion on Tuesday.

Task 4

- Complete the Summative In-class Chapter 6 Assignment on Thursday. This assignment will be handed out on Thursday at the beginning of the period and collected at the end of the period for assessment.
 - You will receive your evaluated assignment back on Tuesday so that you may use it to review for your test on Wednesday.

**** You may type and print anything you need to for Chapter 6 this week. ****
